Experienced QA Engineer with over 3 years of expertise in crafting and executing meticulous test plans, ensuring the quality and reliability of software products. Skilled in regression testing, defect identification, and cross-functional collaboration. Strong mentorship capabilities, dedicated to enhancing team performance and driving continuous improvement.

PROFESSIONAL EXPERIENCE

- **Software QA Engineer**

  Biz2X | October 2020 - March 2024

  - Designed and implemented comprehensive test plans, cases, and scripts for manual and automated testing, ensuring thorough coverage of functional and non-functional requirements.
  - Performed regression testing to validate software updates, pinpointing and documenting defects for development team resolution.
  - Mentored new QA engineers, providing guidance on testing best practices, tools, and techniques to enhance team performance and productivity.

ACCOMPLISHMENTS

- **Functional Employee Of The Month**

  Biz2X | November 2023

  - Biz2X recognized my outstanding performance, dedication, and extremely valuable contribution in project deliveries.

PROJECTS

- **Biz2x Pro**

  | March 2022 - March 2024

  - Performed regressive API Testing and Integration Testing.
  - Mentored new QA members onboard the project.
  - Validating software changes and enhancements, swiftly identifying and documenting defects for resolution by the development team.

- **CB Loan Management Application**

  | June 2021 - March 2024

  - Involved in performing complete testing of end-to-end flow.
  - Performed various testing practices like Functional, Smoke, and Sanity.
  - Involved in daily stand-up meetings and following agile practices.

- **Multitenant**

EDUCATION

- **Bachelor of Technology**

  Bharat Institute Of Technology, Meerut | August 2013 - August 2017
